One view of your data

What you see is the one view of child's information

Contacts, medical records agreements, child's classroom, Invoices and payments, history of communication pertaining to the child everything integrated in one application

360 degree view of child's data

What application do you have in your center?

Can you manage relationship with your parents?

Can you track your communications?

Can you provide tools to your teachers? (lesson planning, activity report, communicate with parents, incident reporting, child's program specific observations, conference preparation)

Can you drive efficiency and productivity?

Can you build reports and dashboards?

Can you monitor and measure the outcome?

Anytime Anywhere

Productivity tools

Event/Meetings scheduling with staff and parents

Workflow/Task/Approval process management

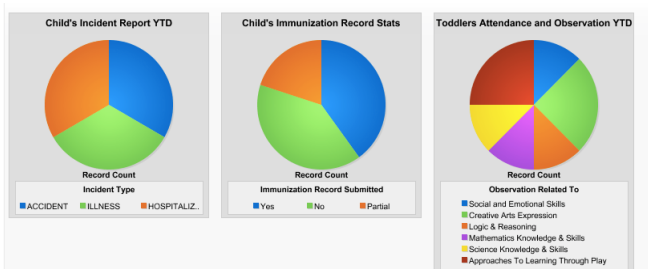

Email communication with staff and parents initiated from the iCherub application

Snap a picture from mobile phone, ipad or tablet and share with parents as an activity report

Dynamic dashboard and comprehensive reports

Integrated Learning standards (Headstart and PA Learning Standards)

maximize the outcome

iCherub has much more to offer

Call or email us to schedule a demo to see everything in action.

We will help you to gather data, create initial data load, customization, implementation and train your staff.
